PROFESSIONAL ARTIST

## ABOUT ME

---

I am a Colombian painter with a career of more than 20 years. I give all the glory to God because I can say that art is my daily life and the greatest blessing for me and my family. And if I were born again, I would choose the same path without hesitation.

# MY PROCESS

I have been in this world of art for many years, which has allowed me to find my own way. It was not easy, many doors were closed to me, I had fears, it has been hours of not sleeping, tearing canvases and getting frustrated over and over again, but the key to success is not giving up. And even more important to do it for love and motivation, you must love what you do but also find what drives you, in my case, I was newly married and my first daughter had just been born, so I had a lot to fight for.

Evolution of my works through the years

## MY BEST WORK OF ART: MY FAMILY

My family has been the greatest gift from heaven for me and without a doubt the best work team, without God and without them I would never have been able to become the great artist I am today.

# IN THE PUBLIC EYE

I have been to various exhibitions throughout my career, where I have been able to demonstrate my talents, create valuable contacts, expand my horizons and reach many more hearts.

Exhibitions and  
newspapers

My art has been specially recognized for which I am very grateful, I have honorably carried the painter's flag, making the name of my town, Piedecuesta, stand high. I hope to continue taking my dream much further and represent not only my city, but also my country, because Colombia is a land of blessings and talents.

# AS LONG AS I LIVE I WILL NEVER STOP PAINTING MY DREAMS

## My vision of art

Art is my daily bread, it has given me everything and the pillars to grow in this world, so I believe that art is a way of life, something you get into and never come out again, once you get to know it it's beautiful.

In art there are many styles and ways of painting, new trends and fashions are created every day, and sometimes keeping up is difficult, but art is something that whether you paint classic, modern or abstract, it will never go out of style, because for different tastes, there will always be many colors.

And it is that although I identify with impressionism, I could not say that that defines me, I prefer to say that my style is dictated by my heart

# MY ART AROUND THE WORLD

---

I have had the pleasure of saying that my art has not only traveled my Santanderean land and my country Colombia, but it has also been taken to different parts of the world and exhibitions outside my country.

My art has been in several recognized exhibitions in Colombia such as: The home fair and vintage market fest in Bogotá, donations of works to important foundations such as paper children, fair of artists from eastern Colombia in Bucaramanaga, Casa cultural del sol in floridablanca and Piedecuesta mayor's office. My works have been taken to exhibit in other places such as the United States, Canada, Mexico among others. Apart from the many paintings that have their home in places like France, Germany, Italy, Spain, Argentina, Venezuela, Aruba, Mexico, Dominican Republic, Brazil and Chile.
